RÉSUMÉ

— Hello! I'm skilled frontend developer with 7 years of experience in UI/UX design, application development, and database modelling. I strive to craft precise, responsive, fast, easy-to-use environments with both strong purpose and great looks.

EXPERIENCE

24th January 2017 – present

Front End Developer at [Binary Studio](#)

- build, test, and deploy a frontend written with React + Redux
- do some extra things from time to time

1st October 2016 – 31st December 2016

Full Stack Developer at [Dutchstar](#)

- built, tested, and deployed applications written with React + Redux and Phalcon + MySQL

25th May 2014 – forever

Married 🤵 [Lyudmyla Mandzyuk](#)

- do all the different things

1st September 2012 – 30th September 2016

Service Center Databases Lead at [Sumitomo Electric Bordnetze Ukraine](#)

- managed MySQL multi-master clusters, Oracle failover clusters, Microsoft SQL mirrored/replicated servers (monitoring, backup/restore, users/groups/roles, schemas)
- built and benchmarked fast, efficient SQL queries
- optimized database engines, indexes, etc.
- crafted web dashboards, reports using HTML5, CSS3, JavaScript, SQL

1st September 2011 – 30th September 2016

IT production subdivision manager at [Sumitomo Electric Bordnetze Ukraine](#)

- designed computer-aided manufacturing processes
- interconnected different production systems' databases (push or pull data using replication, triggers, scheduled events, cron jobs)
- built high-availability systems, minimized downtime
- designed and built BDE (BetriebsDatenErfassung) — data aggregator system designed to assist in planning, manufacturing, monitoring and controlling
- analyzed and transformed data
- wrote docs, manuals, guidelines, and memos

9th April 2008

Was officially hired (employee #943) by [Sumitomo Electric Bordnetze Ukraine](#)

(worked as a contractor previously)

JÜRMALA

14th February 2008 – 31st January 2011

Software engineer at [Sumitomo Electric Bordnetze](#) Ukraine

- designed UI and UX for native applications and web pages
- built simple apps to assist in manufacturing process using Delphi, VB, Java, HTML, CSS, JavaScript, PHP, SQL
- managed Microsoft SQL, MySQL, and Firebird databases

February 2006 – August 2007

Graphic designer at **Terminal**

- designed booklets, flyers, business cards, posters using Adobe CS (Photoshop, Illustrator, InDesign)
- managed inkjet plotters and printers
- built websites using Macromedia Dreamweaver, Macromedia Flash (ActionScript)

April 2004 – December 2004

System administrator at **Pyramid**

- managed a network of dozen Windows workstations and one Linux gateway (DHCP, DNS, proxy, ACLs)
- kept PCs health (install OS over PXE, backup/restore, antivirus, software updates, hardware upgrades etc.)

16th May 2003 – present

Got my internal passport (with a traditionally awkward photo, of course) — can't wait to replace it with a new Passport of the Citizen of Ukraine

[!\[\]\(6a9b39b98eb945faa14c645ec99e4eaa_img.jpg\)](#) *couldn't do much really for the first few years...*

6th October 1986

Born in Ternopil, Ukraine — *Thanks, mom and dad!*

EDUCATION

December 2005 – April 2006

Certificates of CCNA Course Completion at **Cisco Networking Academy Program**

1st September 2003 – 30th June 2008

Bachelor's degree in computer science at **Ternopil National Technical University**

1st September 1993 – 21st June 2003

Certificate of graduation at **№20 Middle School of General Education**

1st October 1995 – 23rd May 1999

Certificate of graduation at **Ternopil Art School for Children**
